- Show up at school

- Flash cards
- Small game cards
- CDs of kids songs (and maybe a CD player)
- Stickers

## Don't...

- Try anything too complicated. They have the attention span less than that of a gold fish
- Get angry and/or upset. Especially if they try and Kancho you.
- Let one child monopolize you, the other students will get jealous.

## Do

- Smile ☺
- Be genki, or pretend to be if you're tired
- Use gestures and simple language.
- Carry on if there is a problem or disturbance.
- Have back up activities.
- Repeat Repeat Repeat!!
- Review Review Review!!
- Include writing on your flash cards.

## Finally...

And most importantly...

# Have Fun!!
